Audubon Regional Library Policy Manual

Section 1 – Introduction

The Audubon Regional Library is a public entity formed by the East Feliciana Policy Jury and the St. Helena Police Jury. The Library Board acts as a public servant to provide through Audubon Regional Library information, educational, recreational, and cultural services to benefit the citizens of the parishes of East Feliciana and St. Helena. The services include books, magazines, newspapers, media, research tools, technology and technology programs, classes and other professional activities.

The Library Board understands the need for a written statement of policies to guide the Director and staff. The policies and procedures in this manual are intended to be guides to management and descriptions of suggested procedures to be followed. They *are not to be construed as contractual commitments*.

The Library Board reserves the right to revoke, change or supplement guidelines at any time without notice. No policy is intended as a guarantee of continuity of benefits or rights. No permanent employment or employment for any term is intended or can be implied by statements in this book.

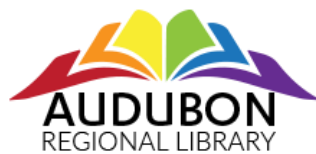

The Library Board cannot anticipate all situations that may arise. The Library Director shall have authority to make decisions on personnel and policy matters that are not formally covered by the manual when a need for such a decision arises. *Such decisions should not be in conflict with existing policy and should be reported to the Library Board promptly. Such decisions made under this section are temporary only until the next Library Board meeting, when it must be confirmed, modified, or rescinded by the Library Board. Staff through the procedure defined in the guidelines may appeal decisions made through this procedure.*

To provide satisfactory library service, the Library Board realizes the need for competent professional and clerical staff whose well being must be of Library Board concern. They oversee suitable housing and bookmobiles to provide the library's resources to the people of East Feliciana and St. Helena Parishes economically, efficiently, and effectively. Because the Library Board understands the need for a written statement of policies to guide the Director and staff, *members* have agreed upon the following policies and procedures.

Section 2 – Library Board

A. The responsibility for the library is vested in the Audubon Regional Library Board by the East Feliciana and St. Helena Police Juries. East Feliciana and St. Helena Police Juries appoint Library Board members to a regional board, and *members* do not favor their local communities in their guidance of the Regional Library program.

B. The Library Board meets and conducts its affairs in accordance with its adopted by-laws. Board

members serve in a volunteer capacity receiving no *per diem*. *The Library Law of Louisiana (Act 36 of 1926)* provides no *per diem* to members for attendance at board meetings. It is the responsibility of the Library Board to:

1. Determine policy for the library.
2. Obtain funds adequate for a progressive, expanding library program.
3. Select and appoint the Director.
4. Appoint other staff upon the recommendation of the Director.
5. Promote library interests.

C. Library Board members confer with an employee and listen to employee complaints only with the knowledge of the Director.

D. Library Board members are not concerned with library day-to-day operation, such as selecting individual books or giving employee assignments. As secretary for the Library Board, the Director is present at *Board* meetings.

E. Library Board members will work for the success of the library's adopted policies, even when those policies have not been unanimously adopted. Any discussion that takes place in Executive Session will be completely confidential, in accordance with legality.

F. Director

The duties of the Director include the following:

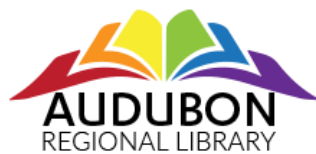

1. Acts in advisory capacity as a professional expert to the Library Board
2. Recommends policies and programs
3. Prepares the agenda for the Library Board meetings
4. Carries out the decisions of the Library Board as they affect both staff and the public
5. Prepares and follows the annual budget and plans the expenditure of funds
6. Determines internal policies
7. Hires, trains, supervises and as needed terminates, employees
8. Represents the library to the public
9. Represents the employees to the Board
10. Oversees selection of books and other materials
11. Cares for library buildings and equipment.
12. Attends all board meetings and acts as secretary

Section 3 – Relation to the Louisiana State Library

The Library Board appreciates the money, time and effort expended by the Louisiana State Library in assisting with the development and continuance of this library. Here it declares its wish that a close association will continue, believing that the association will profit the library's growth.

A. Representatives of the State Library are welcome in the library. The Library Board or the Director shall request an annual visit from the State Library field staff, made in sufficient length to examine library operations at all branches and at the library headquarters and to evaluate.

library services. The Library Board or Director will request from the available service written comments on problems and progress.

B. Audubon Regional Library makes its patrons aware of the special services provided by the State Library. Those services offered by the State Library include tapes/recorders for the blind, visually impaired, physically handicapped or reading disabled. Recorders and books on tape are mailed free of charge to the home of patrons by the State Library. Patrons are provided with free return mail label. Brochures explaining these services are available in all branches of the Audubon Regional Library.

C. Interlibrary loan of material not owned by Audubon Regional Library is available for adult patrons with cards in good standing.

Section 4 – Service

A. The aim of all library activity is service to the community. The library employees greet the patrons, help them locate materials and aid them if necessary in using materials. The collection is maintained for such service. Cataloging work is carried on to facilitate service; buildings and equipment provide the physical venue for it; and library employees are hired to handle the services.

B. The library collects the materials needed to be of service to individuals and to groups in its community. It organizes these resources so that they are convenient and easy to use.

C. The library should provide a collection of books to cover the interests of the patrons, including special interests such as local history; special non-print materials of communication, such as educational films and musical recordings; information and bibliographic tools to locate facts and specialized resources as needed; a program of service which locates information, guides reading, organizes and interprets resources for people of various backgrounds, stimulates thinking and discussion and aids community enterprises that need resources; and employees able to access library holdings. Technology and its resources are important aspects of the information age. Access to technology, the world-wide-web and databases can greatly enhance the patrons' resources.

D. Hours and days the library is open are based upon present and potential use.

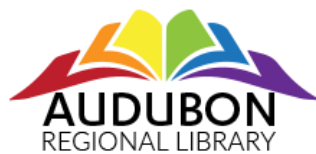

E. The library exists to provide materials that communicate experience and ideas. The information and views communicated encompass the whole range of human life and may be expressed in a myriad of ways devised by creative talent.

Physically, the materials cover a variety of forms such as books, magazines, pamphlets, newspapers, videocassettes, CDs, computer programs, and recordings. Together, they provide a reservoir of knowledge for those patrons in search of such knowledge.

F. Non-book materials should be an integral part of the collection and, within limits of availability and usefulness, should be provided to the same degree of range and inclusiveness as books. Non-book materials may be acquired to supplement book resources, to substitute for books when such are not available on a given topic and in preference to books if these are preferred. Materials for children and young people are important since their use of books is largely determined by accessibility. For young adults, there should be a collection, including both recreational and informational interests, that introduces these readers to the larger world of books.

Section 5 – Bookmobile

A. The Audubon Regional Library offers bookmobile service to reach citizens who are not in close proximity to a branch library in East Feliciana and St. Helena Parishes. The bookmobile serves children,

the elderly, veterans, nursing homes, and any handicapped patrons who are not physically able to use the branch libraries.

B. The bookmobile handles interlibrary loan requests, audio-visual requests, reference questions, summer reading club information and special programs available through the State Library. The bookmobile offers reader service with collections continuously rotated. All of these services are offered at community stops as determined by the Director.

C. The bookmobile is the only contact many parish residents have with the library. All efforts should be made to ensure that the Bookmobile meets its regularly scheduled routes every day, weather permitting.

The use of a library card by any of the above-mentioned borrower types signifies the cardholder's agreement to the circulation terms set forth in this policy. The cardholder assumes responsibility for the

good care of library materials in their possession. The cardholder is fiscally responsible for any damage to or loss of library materials while the materials are checked out to their library card. Any other borrower types created are for administrative use only.

Library Cards and the Rights of Parents

The Audubon Regional Library as an institution (nor the staff as individuals) does not and cannot act in place of the parent or legal guardian in the selection of library materials for minors visiting the library. It is up to the parent or legal guardian of minor library card holders to set the guidelines and instruct their children as to the limits of what is acceptable to read and study for that individual.

Confidentiality of Library Records

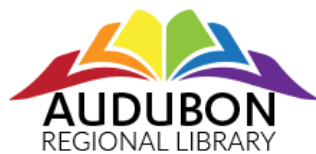

1. As directed in La. Revised Statute RS 44:13, the circulation records of the Audubon Regional Library and other records identifying the names of users and material used by them are and shall be confidential.
2. Records will not be made available to any agency of federal, state or local government, or to any group or individual, for whatever purpose except pursuant to such process, order, or subpoena as may be authorized by law.
3. Immediately upon receipt of such process, order, or subpoena a consultation will be held with legal counsel to determine if said item is in good form, and if there is a showing of good cause for its issuance.
4. If said process, order or subpoena is not in good form, it shall be refused until such time as it is put in proper form.
5. Any threats or unauthorized demands (i.e., those not supported by a process, order or subpoena) concerning circulation or other library records shall be reported immediately to the Board of Control and the District Attorney.
6. Any employee found to have violated this policy of privacy of records shall be liable to immediate dismissal from employment.
7. Any request for library records of any kind but especially circulation of material to/by a patron shall be referred to the Director immediately or in his/her absence to the Administrative Manager.

Library cards expire five (5) years from the date of issuance for all borrower types and are renewed for additional five (5) year terms unless specified otherwise. The borrower keeps the physical library card originally issued.

1. The patron's account does not have a balance that exceeds the fine and fees limits detailed in Circulation Blocks.
2. The patron does not have 2 or more overdue items on their account.

3. The patron continues to meet all requirements for an Audubon Regional Library card based on their borrower type as detailed in IV 1 – 5.

Lost or Stolen Library Cards

A patron will not be responsible for material checked out on a card that has been reported missing if the report is recorded before the date the material was checked out.

Each time a library card has to be replaced, the previously held library card number becomes invalid for further use and must be destroyed if found.

Section 8 – Library Policies

The Library Board determines the policy of the Audubon Regional Library. Members meet *as stated in the by-laws* to receive the Director's reports, to discuss the library's activities, and to decide upon the general principles of management. The Director, as technical adviser and executive officer to the Library Board, carries out the Board's policies in the operation of the library.

In practice the Library Board and the Director share the task of establishing and changing policies. Once policies are approved, the Library Board delegates the administration to the Director *who becomes* accountable. Both have the responsibility of effective public relations in interpreting the library's programs for the public.

Section 9 - Financial Policies

Audubon Regional Library supports and operates under the 'Best Practices' established by the Louisiana State Legislative Auditor's office. As a result, Audubon Regional Library has adopted the most current Statewide Agreed Upon Procedures (SAUP) from the Louisiana Legislative Auditor into its Financial Policies, as follows:

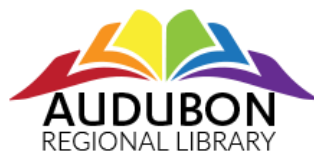

Budgeting

Including preparing, adopting, monitoring, and amending the budget, along with investment of funds beyond the annual budget.

The annual Audubon Regional Library Budget is adopted at the November board meeting of the Audubon Regional Library Board of Control. The Library Board of Control adopts the annual budget as outlined by law, and the approved budget is a public document.

Audubon Regional Library is supported by a property tax, which is paid by all property owners in the parishes of East Feliciana and St. Helena. Miscellaneous funds collected by the library are paid into the library fund and are handled in the same manner as tax funds. Electronic transfers required by federal or state law are authorized. The Board retains an accountant to track and report on all funds and to generate the general fund checks.

The books are audited annually by a Certified Public Accountant, who gives a full report to the Board

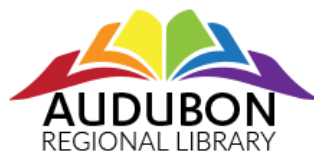

and to the Legislative Auditor as required by state law. Based upon the advice of the accountant, the Board has adopted specific procedures for the proper handling of money.

1. Budget Preparation:

- a. The Library Director defines the budget period aligning with the fiscal year.
- b. The Director gathers financial data, historical trends, and input from relevant departments and the library's accountant to determine realistic allocations. S/he analyzes funding and economic trends and considers whether budget increases or decreases are necessary. The Director shall consult the previous year's budget in order to make a determination of areas that need to be changed for the upcoming budget. The Director shall also consult with the Assessor's office in each parish and obtain a predicted ad valorem quote for the upcoming year. These figures shall be used as a beginning basis to establish the yearly budget. The Director shall work with the accountant to create a final budget.
- c. The Director works with the Administrative Manager and accountant to establish a budget framework, including revenue projections, expense categories, and any specific budget guidelines or targets.
- d. Funds are assigned based on priorities, needs, and strategic goals. Managers may submit budget requests at least 90 days prior to the budget completion deadline.
- e. The Director prepares a detailed budget document that includes beginning fund balances, estimated end-of-fiscal-year fund balances, revenue estimates and expense line items. Estimated and actual revenues are itemized by source, then function. Percentage changes are listed per each item.
- f. Before the adoption of the budget, the budget must be made available for public inspection (R.S. 39:1306).
 - If total proposed expenditures are \$500,000 or less in a fiscal year, the proposed budget will be made available at the Clinton Branch of the Audubon Regional Library for public inspection no later than 15 days prior to the beginning of the fiscal year. (See R.S. 39:1306 and R.S. 39:1308)
 - If total proposed expenditures are \$500,000 or more in a fiscal year (from the general fund or any special revenue funds), the public will be afforded an opportunity to participate in the budgetary process prior to adoption of the budget (See R.S. 39:1307).
 - If total proposed expenditures are \$500,000 or more, a notice will be published in the official journal stating that (a) the proposed budget is available for public inspection (no later than 15 days prior to the beginning of the fiscal year); (b) a public hearing on the proposed budget will be held; and (c) the date, time, and place of the hearing. The public hearing must be held no sooner than 10 days after publication (of notice that budget is available for public inspection).
 - If applicable, the library will certify completion of public participation in the budget process by publishing a notice in the official journal (R.S. 39:1307).

2. Budget Adoption:

- a. The Director presents the proposed budget to the Audubon Regional Library Board of Control to seek approval during the November board meeting.
- b. The Director provides a comprehensive overview of the budget, highlighting key revenue sources, expense allocations, and budget priorities.

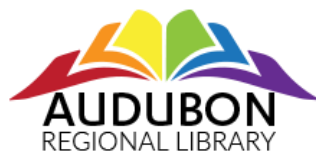

- c. Budget planners facilitate discussions, address questions, and seek input or recommendations from the board members.
- d. The budget is revised as necessary based on the Board's feedback.
- e. The Director seeks final, formal approval and adoption of the budget by the Audubon Regional Library Board of Control. After the public board meeting, the Director certifies completion of the budget adoption process in a public notice.
- f. Upon adoption, copies of the budget and adoption instrument will be provided to the Director and maintained on file as required by state law [R.S. 39:1309(D)].

3. Budget Monitoring:

- a. The Director regularly monitors the library's financial performance by comparing actual results to the budgeted amounts.
- b. Administration collects and provides the accountant with financial data on a monthly basis to be included in a report showing budget-to-actual comparisons for each funding area.
- c. The accountant prepares reports that show actual revenue, expenses, and variances compared to the budgeted amounts; the Director reviews the reports for adherence to the budget and determines solutions to eliminate negative trends if present.
- d. The Director reviews and discusses the reports presented by the accountant with the Library Board members. If revenues or expenditures exceed 5% thresholds, as established by the Local Government Budget Act - R.S. 39:1301-1315 (LGBA), the Director notifies the Library Board. If the beginning fund balances fail to meet the estimated beginning fund balances by 5% or more, and the balances are used to fund current year expenditures, the Director will notify the Library Board. The Director will investigate the above deviations and any other significant departures from the budget to pinpoint the cause(s) and implement corrective actions as needed to meet budget goals.
- e. Administration meets with the accountant to conduct official quarterly reviews of the budget to assess its effectiveness and make necessary amendments.

4. Budget Amendment:

- a. Administration conducts a formal review of the budget on a regular periodic basis.
- b. Assess the need for budget amendments based on changes in financial circumstances, emerging priorities, or unforeseen expenses. If the Library Board has been notified of a 5% variance as mentioned above, or if any other changes in operations upon which the budget was initially drafted have occurred, the Director must amend the budget accordingly and seek approval of the amendment from the Library Board. This amendment must be adopted at a public meeting with an agenda posted previously per regulation. Amendments to the adopted budget must be done through ordinance and in accordance with the provisions of the Local Government Budget Act.
- c. The Director prepares the budget amendment proposals that outline the proposed changes, including revised revenue and expense figures.
- d. The Director presents the budget amendment proposals, with assistance of the accountant as needed, to the Library Board for review and approval.
- e. The Director implements approved amendments and updates the budget documentation accordingly.

5. Investment of Funds Beyond Budget:

- a. Funds accrued by the library beyond the library's current annual budget may be invested to realize an insured return.
- b. Savings may be used to provide funds for an emergency situation to continue operations and to provide funds to assist the library in long term development projects requiring matching funds.
- c. Funds shall only be deposited with insured institutions, such as those insured by the Federal Deposit Insurance Corporation (FDIC) or the National Credit Union Administration (NCUA). Those institutions shall provide the library with information on the securities pledged to cover the library investments and that information shall be reviewed by the bookkeeper or accountant. Copies of the security information shall be kept by the library for the length of the investment.
- d. In the case funds accrued beyond the current annual budget are invested, local banks in both parishes shall be asked for current best interest rates, and every effort shall be made to diversify the library's investments, to aid in realizing the largest possible return.
- e. All investments shall be clearly identified as to possible dedication of funds and restrictions on use.
- f. Interest may be reinvested in the designated fund that earned the interest. The Library Board shall receive reports on all funds at all regular Board Meetings from the Director as part of the fiscal report.

Purchasing

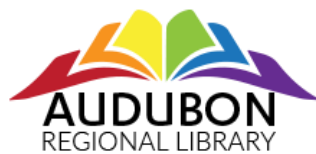

Purchasing, including (1) how purchases are initiated, (2) how vendors are added to the vendor list, (3) the preparation and approval process of purchase requisitions and purchase orders, (4) controls to ensure compliance with the Public Bid Law, and (5) documentation required to be maintained for all bid and price quotes.

1. Initiating Purchases:

- a. The need for a purchase is identified by the requesting department.

 - Submission to such conduct or communication is made a term or condition, either explicitly or implicitly, to obtain employment.
 - Submission to, or rejection of, such conduct or communication by an individual is used as a factor in any employment decision.
 - Such conduct or communication has the purpose or effect of substantially interfering with a person's work performance or creating an intimidating, hostile, or offensive work environment.

This includes unsolicited verbal statements, vulgar or obscene photographs, drawings, jokes, texts, email messages, or comments, gestures, or physical contact of a sexual or

Section 10 – Book Selection Policy

A. Purpose of Policy

The purpose of a policy on book selection is to guide the selection of materials and to inform the community of the principles upon which selections are made.

The goal of the Audubon Regional Library is to be of service to all people in the community, including individuals and groups who vary by age, education, philosophy, occupation, economic level, ethnic origin and human condition.

B. Responsibility for Materials Selection

Final responsibility for selection of books and library materials is and shall be vested in the Director. However, the Director may delegate to qualified staff members the authority to interpret and guide the application of the policy in making day-to-day selections. Unusual problems shall be referred to the Director for resolution. Any books and library materials so selected shall be held to be selected by the Library Board.

C. Criteria for Selection

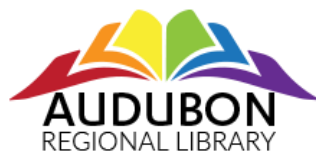

Priorities are set forth by the Director, with special attention to collection needs and weaknesses, patron requests, updated information, and contemporary book titles.

Certain factors that influence the selection of library materials include:

- Community Standards
- Author's reputation and significance as a writer
- Importance of subject matter to the collection
- Availability of material in the system, in other libraries or in print
- Timeliness or permanence of the book
- Authoritativeness, validity
- Inclusion in standard bibliographies or indexes
- Cost commensurate with need and appropriate format (type, legibility, binding)
- Potential of user appeal

D. Scope of the Collection

The library recognizes its obligations to provide reference and research material for the direct answering of specific questions and for continuing research. It is especially important to note the availability of sources that are accessible via the world-wide-web and to maintain a balance in purchasing with that consideration in mind.

The library acknowledges a particular interest in local and state history; therefore, it will seek to acquire general works relating to the State of Louisiana or works written by and about Louisiana authors. The library is not under any obligation to add to its collection everything about Louisiana or everything produced by authors, printers, or publishers with Louisiana connections if it does not seem to be in the interest of the community or the library patrons.

The Audubon Regional Library Board will honor the history of East Feliciana and St. Helena Parishes by maintaining in excellent order a collection of historical and genealogy materials relating to the two parishes.

E. Gifts

The Library Board welcomes gifts to the library, with the understanding that the library may make such disposition of gifts as is best suited to library purposes. Unconditional gifts, donations, and contributions to the library may be accepted by the Director on behalf of the Library Board. No gifts or donations can be conditionally made without the approval of the Library Board. Generally, collections of books will not be accepted with restrictions that necessitate special housing or which prevent integration of the gift into the general library collection. The same standards of selection will govern the acceptance of gifts as govern purchase by the library. If material is useful but not needed, it may be disposed of at the discretion of the Director.

F. Collection Maintenance

Systematic withdrawal of materials no longer useful is necessary in order to maintain relevant resources. The same criteria will be used in weeding materials from the collection as are used in their acquisition. The decision to withdraw library material shall be based on the physical condition, use of material as determined by last date of loan or by the number of loans within the last five years; and age of material as a misinformation factor, especially in the area of sciences. library staff members are to be thoroughly instructed with regard to the necessity for discarding books and library materials.

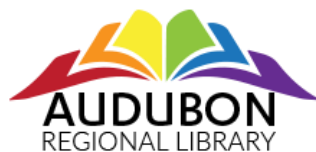

G. Censorship

The selection of library books and materials is predicated on the library patron's right to read and similarly his/ her freedom from censorship by others. Many books are controversial, and any given item may offend some patrons. Selections for the library will not solely be made based on anticipated approval or disapproval but will consider the merits of the materials in relation to the building of the collection and to serving the interest of readers.

These policies are dedicated to a selection of those materials of the highest quality in order to assure an objective collection appropriate for the residents of East Feliciana and St. Helena Parishes. The selection of materials is to be based upon principle rather than opinion, reason rather than prejudice, and judgment rather than censorship.

Section 11 – Resolution for Challenged Materials

Despite the time spent in the writing of a selection policy and the actual selection of library materials, occasionally a patron may have a concern regarding a particular library holding. The procedure for dealing with such a concern maintains respect for the patron and at the same time defends the principle

of intellectual freedom. The procedures to be followed in such circumstance include:

- The patron contacts the library staff to express a concern about a library's holding.
- The patron is encouraged to complete and submit a Request for Reconsideration of Library Material Form and return it to any Audubon Regional Library location.
- The request will be submitted to the Director.
- The Director will forward all requests to the Library Board for consideration.
- The Board will notify the patron in writing about their request approval or denial, and the records will be kept with the Library Board Minutes, with any personal identifying information redacted.
- When the Board has, through majority vote in an open meeting, identified a juvenile or teen collection holding as containing sexually explicit material pursuant to a request for reconsideration, it will be removed or moved to a collection restricted to adult circulation.

See Appendix I for *Reconsideration Request of Library Material Form*

Section 12 – Community Bulletin Boards

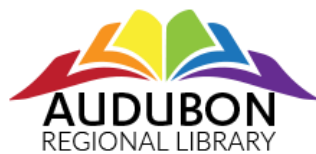

Community bulletin boards serve as a valuable resource for disseminating information, promoting community engagement, and sharing relevant announcements with library patrons. This policy aims to establish guidelines and ensure the appropriate use of the community bulletin boards, fostering a welcoming and informative environment for all visitors.

Each library will have a bulletin board for community announcements located in a designated central area. Limited space is available at each library location for handouts and postings. Therefore, use of this space is prioritized as follows:

1. Top priority is given to brochures, handouts, posters, and like materials produced by the library as promotion and/or dissemination of information about services, programs, or events sponsored by the library.
2. Non-profit or non-commercial materials produced by parish organizations engaged in the cultural, educational, intellectual, or charitable activities of the parish
3. Materials produced by parish government bodies that advertise and/or promote services for parish residents and are of a non-partisan, non-political nature
4. Materials and informational products of the local parish school boards that disseminate information for the public

The following guidelines will assure that announcements submitted for posting will be given fair consideration and ample time, and that the bulletin board will be kept current and attractive:

- The library will post notices of educational, cultural, and recreational events or services which are sponsored by non-profit organizations. Exceptions may be made to promote community events, and non-political/non-profit fundraising initiatives.
- Commercial announcements, advocacy messages, endorsements of any political candidate or party, personal notices, "for sale" or "for hire" notices, any commercial or advertising notices, flyers, promotional packages, ads, product samples, coupons, business cards, or any other materials with a commercial, for-profit, or political nature will not be permitted.
- Only library staff may place materials on display once approved. Any materials found on display or left for free distribution that have not been approved by the library will be removed and

discarded.

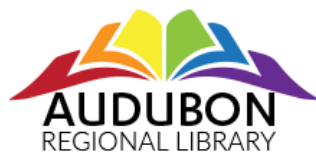

- The library reserves the right to remove any materials at any time without prior notice.
- The library will determine the length of time announcements will be displayed based on space available.
- Posted materials shall be no larger than 8 ½" X 14" in size.
- The library assumes no responsibility for the preservation, protection, possible damage, theft, or return of any item displayed on the bulletin board.
- The library does not advocate or endorse the viewpoints, beliefs, or activities of any organization or event that is publicized on the community bulletin board and assumes no responsibility for the accuracy or content of materials posted on the bulletin board by outside organizations or individuals.
- The library reserves the right to refuse to display materials. Submitting display materials for review does not constitute approval.
- Any concerns or appeals regarding the bulletin board policy should be directed to the Library Director or designated staff member responsible for overseeing the bulletin board.

By adhering to this community bulletin board policy, we create an inclusive and informative environment that benefits the library patrons and the community as a whole.

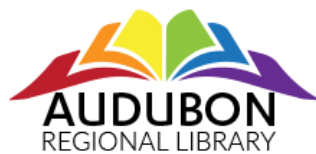

Section 13 – Electronic Resources Access Policy

Electronic resources contain a wealth of valuable information. Information and resources on the Internet enhance those already held in the library and often go beyond what is locally available. However, users should be aware that some information might be inaccurate, outdated, or offensive. Use of these resources carries with it a responsibility to evaluate the quality of information accessed.

- A. E-mail is an asset to the Audubon Regional Library and to its patrons. Although the library does not make a practice of monitoring e-mail, the library reserves the right to retrieve the contents of e-mail for legitimate reasons, such as to find lost messages, to comply with investigations of wrongful acts, or to recover from system failure.
- B. Using public access computers is a privilege accorded patrons of the library with library cards in good standing. Guests may be accorded this privilege at the discretion of the staff. Because of the limited number of computer workstations, time limits may be imposed when demand is high. The time limit during peak periods will not exceed one half hour. However, no time limit will be imposed if no patrons are waiting to use the computer.
- C. Rules of appropriate content apply to all forms of Internet use, including e-mail. Patrons are expected to use good judgment when deciding to open files. Obscenity and pornography will not be tolerated on public access computers.
- D. It shall be the responsibility of members of the staff to supervise and monitor usage of the online computer network and access to the Internet in accordance with this policy and the Children's Internet Protection Act. [Pub. L.No. 106-554 and 47 USC 254(h)]. The library staff will assist patrons with Internet use as time permits but will not offer personal instruction or assistance. Formal classes on the use of the Internet may be offered by the library at designated times. Users are encouraged to take advantage of the Internet.

- E. Children under the age of 13 may use a library computer connected to the Internet only when a caregiver is sitting next to the child. The library defines a caregiver as parent, legal guardian, sibling of majority age, or other adult appointed by the parents. The library defines majority age as 18 years old. (According to Acts 1987, No. 125, §1, eff. Jan. 1. 1988 of LA Civil Code 29, majority is attained upon reaching the age of eighteen years.) The library does not have the right nor will it accept responsibility to act in loco parentis. As parents have the ultimate responsibility for their children, parents must monitor the use of these resources by their children.
- F. It is the policy of the library to: (a) prevent user access over its computer network to, or transmission of, inappropriate material via Internet, electronic mail, or other forms of direct electronic communications; (b) prevent unauthorized access and other unlawful online activity; (c) prevent unauthorized online disclosure, use, or dissemination of personal identification information of minors; and (d) comply with the Children's Internet Protection Act.
- G. To the extent practical, technology protection measures (or "Internet filters") shall be used to block or filter the Internet, or other forms of electronic communications and access to inappropriate information. Specifically, as required by the Children's Internet Protection Act, blocking shall be applied to visual depictions of material deemed obscene or child pornography, or to any material deemed harmful to minors. Subject to staff supervision, technology protection measures may be disabled only for bona fide research or other lawful purposes.
- H. Prohibited use of computers will result in the loss of workstation privileges. Illegal use of library computers will be reported to law enforcement agencies and the library will prosecute such action. Appeals for the loss of workstation privileges should be made to the Director in accordance with the library's general policy.
1. Examples of Acceptable Uses
Patrons are encouraged to use the workstations for the following purposes:
 - Researching and reading educational information.
 - Surfing sites of interest appropriate for a public setting and for honing computer usage skills.
 - Printing from full-text databases.
 - Downloading of public domain software on disks provided by and purchased from the library.
 2. Examples of Unacceptable Uses
 - Transmitting obscene, profane, or offensive material over any library communication system. This includes, for example, accessing erotic materials via forums.
 - Messages, jokes, or any other communications that violate the harassment policy or create an intimidating or hostile environment.
 - Accessing copyrighted information in a way that violates the copyright.
 - Breaking into the system or using a password or mailbox without authorization.
 - Participating in an illegal scheme to defraud.
- I. Managers have the flexibility to modify these policies as situations arise if they have received prior written permission from the Director.
- J. To the extent practical, steps shall be taken to promote the safety and security of users of the online computer network when using electronic mail, chat rooms, instant messaging, and other

forms of direct electronic communications.

- K. Specifically, as required by the Children's Internet Protection Act, prevention of inappropriate network usage includes: (a) unauthorized access, including so-called hacking, and other unlawful activities; and (b) unauthorized disclosure, use, and dissemination of personal identification information regarding minors.
- L. Supervision and Monitoring
It shall be the responsibility of members of the staff to supervise and monitor usage of the online computer network and access to the Internet in accordance with this policy and the Children's Internet protection Act.
- M. Procedures for disabling or otherwise modifying any technology protection measures shall be the responsibility of the Director or designated representatives.
- N. Audubon Regional Library is committed to user confidentiality. The confidentiality of library records is a core part of library ethics. Under Louisiana Law, LA R.S. 44 Chapter 13, library patrons are guaranteed privacy and confidentiality of their library activities including records sought or received, and materials consulted, borrowed, and include database search records, reference interviews, circulation records, interlibrary loan transactions, registration records, and all other personally identifiable uses of library materials, facilities, or services. Audubon Regional Library does not sell, lease, or otherwise distribute or disclose patron name, email address, postal address, telephone number, or other personal information to outside parties.
- O. Definition of Terms
Technology Protection Measure means a specific technology that blocks or filters Internet access to visual depictions that are obscene as defined in section 1460 of title 18, United States Code; Harmful to minors means any picture, image, graphic image file, or other visual depiction that, taken as a whole with respect to minors, appeals to, depicts, describes, or represents, in a patently offensive way with respect to what is suitable for minors, an actual or simulated act or contact, actual or simulated normal or perverted acts, and taken as a whole, lacks serious literary, artistic, political, or scientific value as to minors.

BANNING AND APPEALS PROCESS

Library staff members may ask a patron to leave the premises with or without warning, depending upon the seriousness of the violation of the guidelines for behavior. The length of the eviction shall depend upon the nature and seriousness of the offense that required removal, the extent of damage or disruption, any history of prior infractions of library policies, and other relevant circumstances.

When possible, any patron who has been evicted and/or prohibited from returning to the library shall be provided with written notification indicating the reasons for the ban, the period of the ban, and the appeals process. When a minor has been banned for 30 days or more, the library director may attempt to contact the child's parent or legal guardian by telephone and/or send a certified letter to the child's parent/guardian.

Any patron whose library privileges have been suspended has the right to appeal the decision to the library director. The director may shorten, modify, or terminate the banishment period if the information submitted by the individual warrants such modification. The director will respond in writing and notify the individual of the decision and of the patron's right to appeal that decision. Until such time as the determination has been reviewed and/or modified by the director or reversed on appeal by the Audubon Regional Library Board, a banned individual may not enter or remain on library premises.

The director's written determination may be appealed to the Audubon Regional Library Board. Such notice shall be filed with both the library director and the library board president, c/o Audubon Regional Library, P.O. Box 8389, Clinton LA 70722.

The board shall hold a hearing within 30 days after the patron's notice has been filed. The appellant shall be notified at least 10 days before the hearing. Failure to appear on the assigned day of the hearing without prior notification to the library board president will result in the denial of the appeal.

The president of the Audubon Regional Library Board shall conduct the hearing. At the hearing, the appellant may be represented by counsel, may present evidence, and may call and examine witnesses and cross-examine witnesses.

Within 30 days of the completion of the hearing, the board shall issue a written decision stating the reasons therefore. The board shall have the power to affirm or reverse the written determination or to remand it to the library director with instructions for reconsideration. The decision, except for remand, shall be a final determination for the purposes of judicial review.

NONCOMPLIANCE WITH EVICTION OR BAN

Any person who is asked to leave the library as a result of the violation of these guidelines and refuses to do so shall be considered to be trespassing and may be subject to permanent exclusion from the library and/or to arrest. Any person who enters or remains on library premises during the period of banishment from the library will also be subject to arrest and prosecution for trespassing.

Section 20 – Emergency Policy

A. Telephone Numbers Available

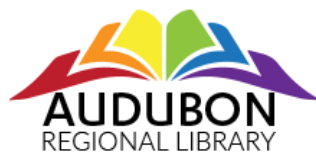

The branch manager should have a posted laminated card at the circulation desk listing telephone numbers for:

- Fire Department
- Sheriff's Office
- Demco or Entergy
- Director
- 911

B. Fire Extinguishers

1. The Laminated card should also indicate the location of all fire extinguishers. The computer fire extinguisher should be clearly marked.
2. The fire extinguishers must be examined by a professional service once a year and updated as needed.

C. Fire

1. Staff should immediately initiate the calm and orderly evacuation of the Branch. Try to take cell phones.
2. The branch manager should appoint (self or staff) one person to check stacks, rest room or any storage area.
3. Call 911 or Fire Department on any suspicion of fire. NOTE: If there is fire, do not open any door that is warm to touch or where there is evidence of smoke.
4. A staff member should be assigned to obtain names and contact information for minor children (under 18) and when possible, notify the parent or guardian. Keep them together until guardian comes.

D. Threat of Violence

1. Whenever there is a threat of violence on site, whichever staff member observes or is aware of the threat will call 911 and notify the Supervisor, who will inform the Director.
2. Evacuate the building, make sure rest rooms and stacks and staff areas are checked and cleared.

E. Hurricane

1. If a hurricane is predicted, the library will be closed.
2. Prior to closing, all windows will be secured with visqueen and computers will be covered with large plastic bags. Visqueen will be used in areas vulnerable to leaks.
3. Branch managers will stay in touch with the Director by cell phone. All branch managers will update cell phone numbers and contact information at the beginning of each hurricane season.
4. Branch managers will inspect and report to the Director as soon as the danger to get to the library is past and roads are accessible.

F. Bomb Threat

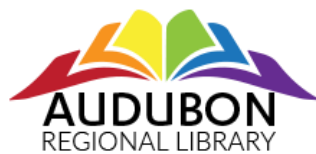

The recommendation is the Branch will not be immediately evacuated for a bomb threat; instead have staff search the building, but do not approach, touch or move any suspicious package or item. If a suspicious package is discovered, notify law enforcement, evacuate the building, and have law enforcement examine the package. Staff should notify law enforcement if a call that appears to be credible is received.

See Appendix IV for Telephone/Bomb Threat checklist including questions to try to ask.

G. SHELTER IN PLACE PROCEDURE

If the library is aware of a situation which warrants the lockdown of a branch:

- A Hazmet spill or plant release of hazardous substance occurring nearby,

- A sudden extreme weather event, or
- A police emergency occurs in the immediate vicinity and it is not safe to exit the building.

Staff should lock down the library.

Once the library is locked, the staff should follow these procedures:

1. If there are patrons in the building, provide for their safety by asking them to stay- not leave. **Remember, they cannot be forced to stay.** When authorities request individuals to shelter-in-place, they want everyone to take these steps immediately, at their present location, and not drive or walk out of doors.
2. Staff should assist patrons in notifying emergency contact that they are safe. Close and lock all windows, exterior doors, and any openings to the outside. Place a sign on the interior of the door, with notation facing outside, that the library is closed due to a shelter-in-place emergency.
3. If there is danger of explosion or tornado, close the window shades or blinds (to catch glass) and direct patrons to the interior portions of the library.
4. Turn off fans, heating, and air conditioning systems.
5. Use duct tape and plastic sheeting to seal all cracks around the door(s) and any vents where appropriate.
6. Record the names of everyone in the room and report this information to the Director.

Section 21 – Video Security Camera Policy

The Audubon Regional Library uses security cameras to help maintain a safe and secure environment for patrons, staff, and library property. Cameras are intended to deter violations of the Library's Patron Behavior Policy, to assist staff in addressing policy violations, and when necessary, to provide evidence for law enforcement in the investigation of criminal activity.

A. Scope

1. Video monitoring and recording will be conducted in a manner consistent with local, state, and federal law.
2. Cameras may be installed in public areas of the Library where patrons and staff do not have a reasonable expectation of privacy. Such areas may include entrances, circulation areas, book stacks, meeting rooms, public seating areas, parking lots, and outdoor play areas.
3. Cameras will not be installed in private areas such as offices, restrooms, or any space where a reasonable expectation of privacy exists.

B. General Guidelines

1. Signs will be posted at library entrances to notify the public that security cameras are in use.
2. Cameras are not installed for the primary purpose of routine staff evaluation, but footage may be reviewed if needed to address misconduct, safety concerns, or policy violations.

3. Cameras are not positioned to identify specific reading, viewing, or listening activities of library users.
4. Live camera feeds may be viewed by designated staff as authorized by the Director. Viewing may occur for safety reasons or when suspicious behavior or policy violations are reported.
5. Video images and recordings are considered confidential. They are maintained securely and may be accessed only by the Director or designees, Administrative staff, or IT staff authorized by the Director.
6. Requests from law enforcement to release recorded images will only be honored upon receipt of a valid search warrant, subpoena, court order, or official request as part of an active investigation, and only with the approval of the Director or designees.

C. Retention

1. Recorded video images are retained for a minimum of thirty (30) days or until system storage capacity is reached, at which point the oldest images are automatically deleted.
2. Selected video may be retained longer if it is relevant to an investigation, claim, or legal proceeding.

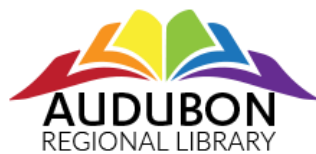

D. Public Requests

1. Members of the public generally will not be granted direct access to real-time or recorded images.
2. Individuals who believe video footage may be relevant to an incident involving them may submit a written request to the Director. The Director will determine whether the request can be fulfilled, which may include requiring a police report before release.
3. Any release of footage shall comply with applicable law and protect the privacy of uninvolved patrons and staff.

Section 22 – Records Retention Policy

The Audubon Regional Library has adopted the records retention policy mandated by state law and developed by the State Library of Louisiana. This policy will be filed with the policy and procedure manual as Appendix VI.

Records will be retained permanently or for a set time determined in the policy.

Section 23 – Employee Policy

In order to provide adequate services to the public, the Library Board recognizes the need to provide employees who are competent and professional and whose welfare must be a matter of Library Board concern.

All employees are to be courteous, friendly and professional. Employees must be willing to greet the public with a pleasant and helpful manner. At all times, employees must remain alert and approachable, making sure that library work is their primary goal while on duty. Prompt attention to all requests is important.

Many types of people use the library. All should be treated in the same manner and with equal fairness. Tact and patience are sometimes needed when dealing with the public. When a person files a suggestion or complaint, the employee on duty must listen attentively. If unable to resolve the complaint, the employee should refer the person or the complaint to the Library Director or branch manager.

Each library activity and responsibility should be executed in a professional manner. Any breach in decorum to the public or to a co-worker should be promptly reported to the Director. The Director shall report to the Board.

The total library program and its growth and progress should be an active focus area for each employee. Employees should not partake in public criticism of the library's program, operation or staff.

EMPLOYMENT CLASSIFICATIONS

There are four classifications of library employees as follows:

- A Full-Time Employee is an individual who works a thirty-four or more hour workweek and is hired for an indefinite period.
- A Part-Time Employee is an individual who works less than a twenty-eight hour workweek and is hired for an indefinite period.
- An As Needed Employee is an individual who is irregularly scheduled to work less than a twenty-eight hour workweek and is hired for an indefinite period.
- A Temporary Employee is an individual who is scheduled to work on specific needs of the library. The employee will not receive any benefits unless specifically authorized in writing. The employee is non-exempt and compensated on an hourly basis.

ANNIVERSARY DATE

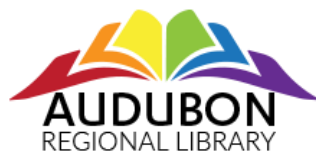

An employee's anniversary date is defined as the first full-time day on the job with Audubon Regional Library.

EQUAL OPPORTUNITY POLICY

Equal opportunity is Audubon Regional Library policy. It is policy to select the best-qualified person for each position in the system.

Audubon Regional Library has adopted an Affirmative Action policy which means that the library will aggressively seek out, hire, develop, and promote qualified members of protected groups as defined by federal and state laws.

No employee of Audubon Regional Library will discriminate against an applicant for employment or a

fellow employee because of:

- Race
- Creed
- Color
- Religion
- Sex
- National origin
- Ancestry
- Age
- Mental handicap
- Physical handicap
- Veteran status

The policy applies to all employment practices and personnel action.

RECRUITMENT OF EMPLOYEES

Audubon Regional Library recruits with an affirmative action policy to attract top-caliber employees to fill positions at all levels of the organization. Many positions may be filled by promotions. Others will be assigned to new employees who are recruited or who apply directly to the library. Recruitment may be conducted through advertising, schools, employee referrals, or technical and trade referrals. All recruitment shall be conducted in an ethical, professional, non-discriminatory manner. Before filling any approved position vacancy, the library will give current employees who apply equal consideration for transfer or promotion. Refer to the policy, *Announcement of New Positions*.

ANNOUNCEMENT OF NEW POSITIONS

The library believes that the best candidates to fill job openings may well be present employees. Therefore, employees who carry out their current responsibilities in a productive manner and exhibit the potential to handle more demanding and technical assignments are encouraged to apply for open positions. Announcements of all new positions will be made within the library prior to any outside recruitment. All open positions will be announced on the library website. Present employees are encouraged to review requirements for each position and apply if interested and qualified.

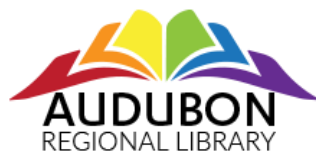

EMPLOYMENT OF RELATIVES

Relatives of Board Members will not be employed. Relatives of Audubon Regional Library employees may be employed. Relatives will not be allowed to supervise or evaluate each other. Relatives will not work in the same department or under the same supervisor or manager. A relative is defined as any person related in the following degrees: parent, child, spouse, grandparent, grandchild, brother, sister, brother-in-law, sister-in-law, aunt, uncle, niece, nephew, or first cousin. (La. Revised Statutes 1102 (13).

EMPLOYEE SELECTION PROCESS

Audubon Regional Library practices the following procedures in employment:

Advertisements are placed on all bulletin boards in all branches in the system. As time allows or to

increase the number of qualified applicants, advertisements may be placed in the local newspapers in community where the job opening exists.

All applicants are expected to complete application forms. They should submit character references. Applicants are welcome to complete an application whether or not a specific job is open at the time, and the application will be considered if a job opens within the following six months.

Selection is based on merit, as determined by educational and technical qualifications. Factors that carry no weight in an appointment are pressure from any group or individual, or any applicant's relationship to the Library Board members or library staff.

Personal interviews are always conducted before a job is offered to a qualified applicant.

Before extending an employment offer and upon the applicant's prior agreement that inquiries may be made, at least two applicant references must be checked. Inquiries are to be made in a professional manner requesting only factually verifiable and job-related information. The reference information is used only as supplemental information for the hiring decision. With permission of the applicant, a law enforcement officer will conduct a background check.

After candidate interview, verification of employment history, and reference inquiries, the Director is responsible for the employment offer.

After the verbal offer has been made and the candidate has agreed to the essential terms of the offer (typically position, salary or rate, and starting date), a written offer will be prepared by the Director and submitted to the candidate in person or by mail. The written offer will confirm the verbal offer and will include the essential terms of the verbal offer as agreed to by the candidate. The candidate will be required to sign and date an acceptance of the written offer which will state as follows:

The undersigned accepts the above employment offer and agrees that the offer contains the terms of employment with Audubon Regional Library and that there are no other terms express, or implied. It is understood the employment is subject to verification of identity and employment eligibility. It is further understood that employment is subject to the approval of the Audubon Regional Library Board.

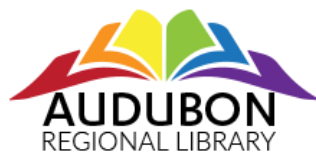

NEW HIRE

Once the candidate has accepted the employment offer, he/she will be required to provide documentation of identity and employment eligibility in accordance with federal law. The I-9 form shall be used for this purpose.

The PROBATION period is the first three months of service, during which time the appointee is trained for effective job performance. The library is not obliged to retain an employee throughout this period if his/her performance is below par and if there is little evidence that further training will benefit.

Successful completion of the introductory period does not guarantee employment for any period of time thereafter. All employment is *at-will*

The Audubon Regional Library Director is responsible for having the new employee complete all pre-

employment forms, benefit applications, and enrollment forms and for providing, on the employee's first day of work, basic information on pay policy, leave policy, benefits, parking and working hours. Within the first week of employment, a new employee orientation will be conducted by the Director or the employee's immediate supervisor.

Annual Review

The library reserves the right to review and revise the benefits program annually, based on budget constraints and operational needs.

library. The employee orientation goals are as follows:

This overtime must be approved in advance by the Director or reported to her by the branch manager immediately for approval.

Overtime is expensive for the library, and is only to be used in a case of emergency to provide necessary service to keep the library open. Overtime is not to be authorized to catch up on routine work that should be done during regular hours.

Audubon Regional Library system accepts garnishments against its employees with appropriate court proceedings. However, the library encourages employees to act as quickly as possible to relieve the library of this administrative burden. , *Legislative Act # 536 of 1982*,

Section 24 – Leave Policy

VACATION LEAVE

Full-Time Employee

Staff members who regularly work 34 hours or more per week are considered full time. Only full-time employees earn vacation leave. Full-time employees with the exception of the Director will earn Vacation Leave as follows:

- Full-time employees will accrue 7.5 hours of vacation per month. Vacation leave will be available to use after the first full year of employment.
- 90 hours of unused Vacation Leave may be carried from one year to the next.
- Vacation requests must be submitted no later than fourteen (14) working days before the first day of the leave requested. Leave will be approved or rejected based upon the staffing needs of the library.
- Employees will be compensated for a maximum of 180 hours of accrued, unused Vacation Leave upon termination or retirement.
- Each employee must monitor his/her own use of leave time.

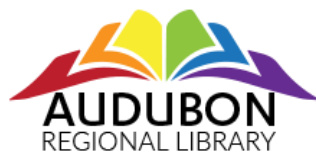

SICK LEAVE

General Information

It is in the best interest of an employee who is ill or injured that he/she does not remain at work. It is the supervisor's or Director's responsibility to send the employee home if the employee is incapacitated or contagious.

Any employee unable to report for work due to an illness must notify the library at or before the beginning of the workday. Exceptions to this include a serious accidental injury, hospitalization, or advanced knowledge that the employee will be absent for a certain period.

- A. A doctor's note is to be submitted to the library for review before the employee returns to

work in the following situations:

- When an employee misses 3 (three) consecutive workdays or a total of 3 (three) workdays per payroll period and claims sick leave.
- When an employee reports late on three consecutive or separate occasions in one payroll period due to sick leave.
- When the employee has been unable to work after the time of the injury (In all cases of work-related injury).

B. Full-Time Employee

- Only full-time employees earn sick leave.
- The rate at which sick leave is accrued is 1/20th of the hours worked. Sick leave is earned during the probationary period of 3 months; however, it cannot be used during the probationary period. Sick leave is not earned while an employee is on a leave of absence. Sick leave ends when an employee leaves and any accrued, unused sick leave is not compensated.

C. If any employee uses all his/her accumulated sick leave and must continue to be away from work, he/she may use accumulated annual leave time or request that this time be calculated as leave without pay.

D. To return to work after a lengthy (five days or more) absence utilizing sick leave, an employee must obtain a release statement from his/her attending physician.

E. Medical leave may be used by an employee for the illness of that employee or immediate family members:

- a. Spouse
- b. Child/Stepchild
- c. Parent
- d. Parent of Spouse
- e. Grandchild
- f. Sibling

Employees who abuse medical leave may be subject to disciplinary action including discharge.

- e. Grandchild

- d. Niece or Nephew of Spouse
- e. Brother-in-law or Sister-in-law of Employee
- f. Aunt of Employee
- g. Uncle of Employee

To attend a funeral other than those listed above, an employee must request to use his/her annual leave time.

Funeral leave must be applied for and approved prior to being taken when possible.

MILITARY LEAVE

Military leave will be granted based on federal and state law.

ADMINISTRATIVE ABSENCE WITH PAY

The Director may grant administrative absence with pay. The amount of time granted for administrative leave shall be based on the specific facts of each individual case. In exceptional cases, with the approval of the Library Board, an employee may be granted extended administrative absence in a calendar year.

Administrative absence with pay may be granted for the following reasons, though this list is not exhaustive:

- **Jury Duty**

Time off for mandatory jury duty is excused and paid at full salary, provided that proof of duty is verified by the employee's supervisor. There will be no adjustment in the employee's salary for receipt of jury pay, witness fees, or expenses. The employee is expected to report for work when it does not conflict with court obligations. It is the employee's responsibility to keep their supervisor or manager informed about the time required for jury duty or court appearances.

- **Natural Disaster**

An employee may be paid their regular salary for absence due to extremely severe weather, such as hurricanes, tornadoes, or floods, or other natural disasters that pose a threat to the safety and welfare of the employee or their family. The employee shall make every effort to notify the Director. See Emergency Closing.

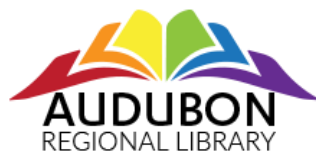

- **Emergency Closures**

Administrative absence with pay may be granted in the event of branch closures for reasons such as building maintenance, public health emergencies, or other unforeseen circumstances. Eligibility will be determined by the Director and applied equitably to affected employees.

- **Blood Donations**

An employee will not lose pay for time missed while donating blood to a co-worker, friend, or relative. Except in the case of an emergency, time for such absence will be at the discretion of the Director.

Notification to the Board

In the event administrative leave is granted, the Director will notify the Library Board promptly, providing a brief explanation of the circumstances. This ensures transparency and allows the Board to remain informed of significant operational decisions.

ADMINISTRATIVE ABSENCE WITHOUT PAY

Medical Leave

The Audubon Regional Library supports the Family Medical Leave Act (Board Meeting, 11/13/2006). The procedure for Medical Leave adopted by the Audubon Regional Library follows:

- An unpaid absence of up to 12 weeks per twelve-month period with job protection and no loss of accumulated service in compliance with the Family Medical Leave Act (FMLA) is provided to all qualified employees. The twelve-month period is defined as a “rolling” 12 months measured backward from the beginning date of the employee’s current request for FMLA leave.
- Employees are required to use all accrued sick and annual leave under this policy. After the depletion of paid leave, the rest of the 12-week FMLA time off will be unpaid.
- To qualify for an FMLA Leave of Absence, an employee must have been employed for at least 12 months and for at least 1250 hours during the 12 months preceding the start of the leave.

A. FMLA Leave Will Be Granted for the Following Reasons:

- a. For the birth of a child
- b. For the placement of a child for adoption or foster care
- c. For the care of a child, spouse or parent who has a serious health condition
- d. For an employee who is unable to perform the essential functions of the job because of a serious health condition.

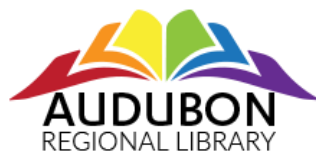

B. Advance Notice and Medical Certification

The employee will be required to provide advance notice when leave is foreseeable, and to provide medical certification of the cause of leave. Use of leave may be denied if requirements are not met.

- a. To request leave, a request form for Family Medical Leave must be submitted in writing to the Library Director no later than 30 days in advance of the leave, except in emergency situations. If in an emergency, notice must be given as soon as possible.
- b. The library will require a medical certification to support a request for leave and may require a second or third opinion at the library’s option. Employees are allowed 15 days to provide certification to support a request for leave. If certification is not provided, employees may be considered absent without leave and subject to dismissal.
- c. The library will require a fitness to return to work medical certification for employees taking FMLA leave for their own health conditions.

C. Job Benefits and Protection Under FMLA:

- a. Upon return from FMLA leave employees must be restored to their equivalent positions with equivalent pay, benefits, and employment terms.
- b. The use of FMLA leave cannot result in the loss of any employment benefit that accrued prior to the start of the employee’s leave.

- c. For the duration of FMLA leave, the library will maintain the employer's share of the premium under the library's group health plan, if the employee is so enrolled prior to the application for FMLA. The employee is responsible for the employee premiums. If any employee elects not to return to work upon the completion of a leave of absence granted under this policy, the library may recover from the employee the cost of any payments made to maintain the employee coverage during leave.

This policy is intended to ensure compliance with the FMLA. Regardless of whatever language within, the language is intended to comply fully with the FMLA but is not intended to give the employee any more rights than they would have under the FMLA. Audubon Regional Library reserves all rights employers have under the FMLA.

PERSONAL LEAVE OF ABSENCE

Leave of absence is time off in a non-pay status. In cases covered by the Family Medical Leave Act, the library policy on the Family Medical Leave will apply. See separate section.

In addition to those cases covered by the Family Medical Leave Act, the library may grant a leave of absence for personal reasons. An employee must submit a request for leave of absence in writing to the Director. The Director will forward the request for final approval to the Library Board. The employee is expected to request leave of absence with as much advance notice as possible. Annual leave should be used for such absences before paid leave.

The employee has the responsibility to keep the Director advised of the leave situation and to contact his or her supervisor at least two weeks prior to the expiration of the approved leave to discuss returning to work and so inform the Director in writing. An employee on leave of absence who fails to return to work on the designated day will be terminated effective his or her last day of work or paid annual leave.

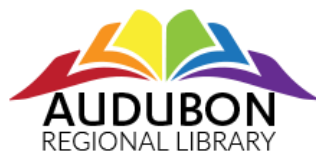

If the employee desires voluntary termination, this should be reported as soon as possible. Unless the employee on approved leave has informed the library that he/she does not intend to return to work, the job must be held open for his/her return on the same basis as jobs held open for employees on sick or disability or leave for other reasons. The library will make a reasonable effort, consistent with good business practices and needs, to reinstate an employee to the same position he/she previously occupied, or to a similar position, following a leave of absence.

When an employee does not return to work at the expiration of the period of leave without pay, the employee shall be automatically considered as having resigned his/her position.

Any unauthorized absence from normal working hours shall be considered a leave of absence without pay and may be subject the employee to suspension or dismissal, except in the event of a natural disaster or family emergency. The need for such leave must be reported promptly.

MATERNITY LEAVE

Maternity Leave is covered by the Family Medical Leave Act.

Each employee who desires to request such leave must submit a physician's statement regarding the anticipated delivery date.

The judgment of the employee's physician will determine the length of time that an employee can work before delivery. The employee may work as long as she is capable of performing full and normal duties, with no qualifications. The library reserves the right to place an employee on maternity leave if it is in the best interest of the library, i.e., in the event the employee cannot adequately perform her duties because of pregnancy.

PROFESSIONAL LEAVE

Time with pay, including travel time, is allowed staff members to attend library conferences and other professional meetings. As far as possible, the privilege of attendance at such meetings is rotated among staff members. Active participation in such meetings, such as preparing papers or participating in committee work, merits priority. The Director must approve all activities of this type. The library contributes toward the expense of the officially designated representatives of the library.

The library will pay for the following expenses if attendance is approved: registration fees, travel costs, lodging, and meal expenses not covered by registration. Time off for attendance and travel during normal working hours will be paid at the normal rate of pay according to the approved travel policy. Compensation time will be given for travel time that exceeds the normal workday.

Section 25 – Employee Performance

EVALUATIONS

The Director is responsible for the annual performance evaluation of each employee. The employee evaluation form is used to determine competencies and weaknesses of the employee, develop clear expectations, and open communication about general library work. The evaluation process allows for open dialogue between the Director and the employee to discuss the relationship of the employee to the Audubon Regional Library system and its success. Immediate supervisors will be a part of an employee's evaluation process.

Additional evaluations during the year may be made and documented by the Director for specific incidents. All written evaluations will be shared with employees and filed in the employee's personnel file.

CORRECTIVE COUNSELING AND PERFORMANCE IMPROVEMENT

Corrective counseling may be initiated when Audubon Regional Library management believes that an employee's performance problem can and will be resolved through adequate counseling. Corrective counseling is completely at the discretion of the Director. The library desires to protect its investment of time and expense devoted to employee orientation and training whenever that goal is in the library's best interests. The library expressly reserves the right to discharge "at will". Even if corrective counseling is implemented, it may be terminated at the discretion of management. Management in its sole discretion, may warn, reassign, suspend, or discharge any employee "at will", and at any time. However, in accordance with state law, the Board is responsible for any management action when it ratifies such action.

It is essential that all disciplinary action be adequately and appropriately supported by written documentation to protect both the rights of the library and the rights of the employee. The Library Board requires that the disciplinary action be signed by the Director or supervisor and that employee signs the document to indicate receipt of the written explanation.

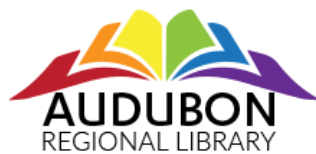

The Director, with the assistance of the employee's branch manager, will determine the course of action best suited to the circumstances. The steps in corrective counseling and performance improvement are as follows:

The Director may skip one or more of these steps when appropriate.

- Verbal counseling – As a first step in correcting undesirable performance or behavior, the Director should review pertinent job requirements with the employee to ensure his or her understanding of them. The Director should consider the severity of the problem, the employees' previous performance appraisals and all of the circumstances surrounding the particular case. If the problem continues, the manager should define the problem in more specific terms and work with the employee to identify the requirements for performance improvement or change of conduct that will serve as a solution to the problem. As a second step, the seriousness of the performance or misconduct should be indicated by stating that a written warning, probation, or possible termination could result if the problem is not resolved. The employee should be asked to review what has been discussed to ensure his or her understanding of the seriousness of the problem and the corrective action necessary. Immediately after the second step in verbal counseling, the Director should document the verbal counseling for future reference.
- Written counseling –If the undesirable performance or behavior continues, the next step should be a written warning. Also, circumstances such as violation of a widely known policy or safety requirement may justify a written warning without first using verbal counseling. The written warning defines the problem and how it may be corrected. The seriousness of the problem is again emphasized, and the written warning shall indicate that probation or termination or both, may result if improvement is not observed. Written counseling becomes part of the employee's personnel file, although the Director may direct that the written warning be removed after a period of time, under appropriate circumstances.
- Probation – If the problem has not been resolved through written counseling, and/or the circumstances warrant it, the individual should be placed on probation. Probation is a serious action in which the employee is advised that termination will occur if improvement in performance or conduct is not achieved within the probationary period.

The Director and the employee's supervisor, after review of the employee's corrective counseling documentation, will determine the length of probation. Typically, the probation period should be at least two weeks and no longer than 60 days, depending on the circumstances. A written probationary notice to the employee is prepared by the Director. The letter should include a statement of the following:

- The specific unsatisfactory situation
- A review of oral and written warnings
- The length of probation
- The specific behavior modification or acceptable level of performance
- Suggestions for improvement
- A scheduled counseling session or sessions during the probationary period and
- A statement that further action, including termination, may result if defined improvement or

behavior modification does not result during probation.

Further action may include but is not limited to re-assignment or demotion.

The Director should personally meet with the employee to discuss the probationary letter and answer any questions. The employee should acknowledge receipt by signing the letter. If the employee should refuse to sign, the Director shall sign attesting that it was delivered to the employee and identifying the date of delivery. The probationary letter becomes part of the employee's personnel file subject to a later decision by the Director to remove it.

On the defined probation counseling date or dates, the employee and Director will meet to review the employee's progress in correcting the problem that led to the probation. Brief written summaries of these meetings should be prepared with copies provided to the employee and the Director.

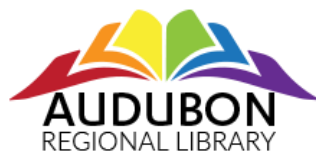

At the completion of the probationary period, the Director will meet with the employee to determine whether the employee has achieved the required level of performance and to consider removing the employee from probation, extending the period of probation, or taking further action. The employee is to be advised in writing of the decision. Should probation be completed successfully, the employee should be commended, though cautioned that any future recurrence may result in further disciplinary action.

- **Suspension** – A two- or three-day suspension may be justified when circumstances reasonably require an investigation of a serious incident in which the employee was allegedly involved. A suspension may also be warranted when employee safety, welfare, or morale may be adversely affected if a suspension is not imposed. In addition, and with prior approval of the Director, suspension without pay for up to three consecutive working days may be imposed for such proven misconduct as intentional violation of safety rules, fighting, or drinking on the job. These examples do not limit management's use of suspension with or without pay in other appropriate circumstances, such as the need to investigate a serious incident. In implementing a suspension, a written counseling report should set forth the circumstances justifying the suspension. Such a report may become part of the employee's personnel file.
- **Involuntary Termination** – The involuntary termination notice is prepared by the Director with concurrence of, and review by, the Library Board President. The employee is notified of the termination by the Director, who will have termination paperwork ready.

The following definitions and classification of violations, for which corrective counseling, performance improvement, or other disciplinary action may be taken, are merely illustrative and not limited to these examples. A particular violation may be major or minor depending on the surrounding facts or circumstances.

Minor violations—violations that have some effect on the continuity, efficiency of work, safety, and harmony within the library. They typically lead to corrective counseling unless repeated or when unrelated incidents occur in rapid succession. Some examples of minor violations are as follows:

- Excessive tardiness
- Unsatisfactory job performance
- Interfering with another employee's job performance
- Excessive absenteeism
- Failure to observe working hours such as the schedule of starting time, quitting time, rest and meal periods
- Performing unauthorized personal work on library time

- Failure to notify the Director of intended absence either before or within 15 minutes after the start of a shift except in the case of extraordinary circumstances
- Unauthorized use of the library telephone or equipment for personal business

Major Violations – deliberate or willful infraction of library rules. These violations may result in termination of an employee. Following are some examples of major violations:

- Fighting on library premises
- Being insubordinate
- Repeating minor violations depending upon the severity of the violation and the circumstance
- Endangering the safety or lives of others
- Departing library premises during working hours for personal reasons without permission of the Director
- Bringing firearms or weapons onto the library premises
- Stealing, destroying, abusing, or damaging library property, tools or equipment, or the property of another employee or visitor
- Disclosing confidential library information
- Disregarding willfully library policies or procedures
- Falsifying any library records
- Failing to report to work without excuse or approval of management for three consecutive days.

EMPLOYEE GRIEVANCE

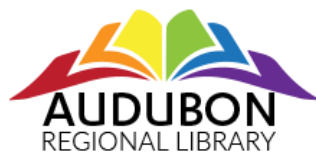

- The Audubon Regional Library Employee Grievance Policy is applicable only to current employees of Audubon Regional Library.
- Employees are encouraged to air any grievance that they may have regarding their treatment or conditions on the job.
- Punitive action shall not be taken against any employee for submitting a grievance in good faith.

The Grievance Procedure Shall Be as Follows:

- All grievances shall be taken to the employee's immediate Supervisor. A grievance form must be completed by the employee.
- If a satisfactory resolution cannot be reached, the employee may appeal his/her grievance to the next highest supervisory level.
- If a satisfactory resolution cannot be reached at that level, the employee may appeal his/her grievance to the Director, or if the Director was the last officer to hear the grievance, then to the Board of Control.
- The Board of Control shall appoint a personnel committee from its members to hear employee appeals.
- The findings of the Board of Control shall be final.

SEPARATION FROM SERVICE

1. Retirement benefits under the parochial retirement plan operating in Louisiana parishes are

based upon guidelines set forth by the Louisiana Parochial Retirement System.

2. Resignations are submitted in writing to the Director. One month's notice is required under ordinary circumstances for professional positions and two weeks' notice for non-professional positions.
3. Termination without prejudice may result from a financial emergency or the discontinuance of an activity. Employees so affected will be determined by the Director and the Board, for the best operation of the library. Every possible assistance for finding other employment is given to the employee who leaves in good standing.
4. Dismissals are made by the Director for cause in accordance with the employee performances policies. The employee may request a hearing before the Library Board and Director if the employee is past the probationary period. All employment is *at-will*. Staff members shall be notified in writing of the charge and the date of a hearing that shall be before the Library Board and the Director. If the decision that follows is one of dismissal, immediate termination of the service of the employee may be required for the good of the library.

REHIRE

Applications received from former employees will be processed using the same procedures and standards that govern all direct applications. The Director will review the former employee's performance records and the circumstances surrounding termination of previous employment with the library. This information will be used for screening and interviewing applicants.

REINSTATEMENT

Employees who are reinstated into the library system will retain credit for their earlier years of employment within Audubon Regional Library

Section 26 – Staff Needs

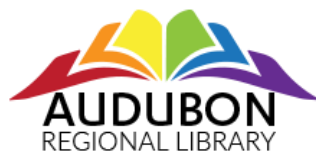

STAFF NEEDS

It is important for the well-being of the library that complete understanding exists between the administration and the individual members of the staff on policies and programs of the library. Toward this end, staff meetings are held as needed. The Director or manager will request such meetings.

- To present and explain matters of policy
- To discuss professional problems, new trends, techniques and procedures
- To consider matters involving the staff and its interests
- To promote progress in the library profession

Encouragement of further education is a policy of the library. The administration is willing to arrange leaves of absence, adjustments of time, or special assignments in order that employees may take advantage of opportunities for special study, as long as this does not diminish the physical efficiency of the individual or the effective operation of the library.

Activities and affiliations are encouraged. Staff members are urged to become members of civic,

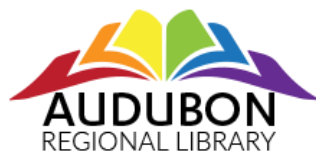

educational and professional groups and to participate in the work of such organizations to as great an extent as library duties will permit.

STAFF CODE OF CONDUCT

This Staff Code of Conduct outlines the expectations and guidelines for all employees of Audubon Regional Library to uphold professional conduct, ethics, and integrity while performing their duties. This Code is designed to complement and reinforce the prohibitions as defined in Louisiana Revised Statutes (R.S.) 42:1111-1121, which covers standards of conduct for public servants. As representatives of the library, all staff members are required to adhere to these principles to maintain the public's trust and ensure a safe, respectful, and inclusive environment for library patrons and fellow colleagues.

- **Conflict of Interest:**
All employees are prohibited from engaging in any activities or actions that create a conflict of interest or compromise the impartiality of their roles as public library staff members. This includes but is not limited to accepting gifts, favors, or benefits that may influence their decisions, or participating in transactions with library vendors or contractors in which they have a personal interest.
- **Financial Transparency:**
Staff members must maintain complete and accurate records of all financial transactions related to their duties. Misappropriation or misuse of library funds or assets is strictly forbidden, and employees should promptly report any suspicious activities to their supervisor or the appropriate authorities.
- **Gifts and Benefits:**
Employees must not solicit or accept gifts, loans, or other benefits from library patrons, vendors, or contractors that may create a perception of bias or compromise their professional integrity. Modest tokens of appreciation (e.g., thank-you notes) with no monetary value are generally acceptable, but any gifts with a substantial monetary value should be declined and reported to a supervisor.
- **Confidentiality and Privacy:**
Library staff members must respect the confidentiality and privacy of all patron information in accordance with relevant laws and regulations. Personal information, borrowing history, and other records should only be accessed and used for legitimate library purposes.
- **Respectful and Inclusive Behavior:**
All employees are expected to treat patrons and colleagues with respect, courtesy, and fairness, regardless of their background, race, ethnicity, religion, gender, sexual orientation, or any other characteristic. Discrimination, harassment, or bullying of any kind will not be tolerated.
- **Responsible Internet Usage:**
Library staff members should use library resources and internet access responsibly, adhering to all relevant policies and guidelines related to internet usage. Accessing inappropriate or illegal content is strictly prohibited.
- **Professionalism and Dress Code:**
Employees are expected to maintain a high standard of professionalism in their appearance and conduct. Dress code policies must be followed, and staff should refrain from engaging in any

behavior that might compromise the library's reputation.

- **Reporting Violations:**
Any staff member who becomes aware of a violation of this Code of Conduct or Louisiana Revised Statutes (R.S.) 42:1111-1121 must promptly report it to their supervisor or an appropriate authority within the library or local government.
- **Consequences of Violations:**
Violations of this Code of Conduct may result in disciplinary action, up to and including termination of employment, as well as potential legal consequences as defined by Louisiana Revised Statutes (R.S.) 42:1111-1121.

ATTENDANCE AND TIME

A. Schedule

The Director establishes work schedules. Schedules are set with the business interests of the library as priority, and may be changed by the Director. The Board must be notified of changes in permanent work schedules and reassignment of positions.

Individual work efforts and adequate staffing at all times are critical to the library's ability to serve the public. Employees are to report to work regularly and at the agreed time. If an employee has knowledge that he/she will be absent or late for work, notification to the Director must be made as soon as possible. Non-emergency time off may not be approved when attendance is needed. Failure to work one's regular schedule without pre-approval of non-emergency absences is grounds for corrective action up to and including dismissal.

B. Reporting

Employees are required to notify immediate supervisors or the Director as much in advance as is possible when absent for any reason, but no more than 15 minutes after the beginning of scheduled shifts except in the most unusual and extreme circumstances. Calling in one's absence more than 15 minutes after one's shift begins is considered a failure to report, a fact which may result in corrective action. Two failure to report incidents within a six month period can result in termination of employment. When a staff member cannot report for work because of illness or other reasons, the Library Director is to be notified as soon as possible. It is the responsibility of the employee to contact the Director. Family members should not make such calls unless in emergency situations.

C. Recording Time

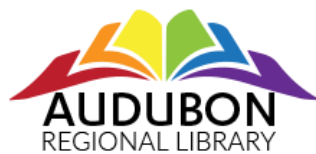

Employees are responsible for maintaining an accurate daily log of time that is worked. Honesty is an important aspect of recording time. The supervisor must sign and approve each time sheet. Time sheets are reviewed by the Library Director, Accountant and/or Auditor.

D. Arrival and Departure

Paid time begins when an employee actually begins working. Employees are expected to arrive early enough to remove coats and put away belongings prior to beginning work at the time designated on schedules. Employees are expected to be at their work desks and prepared to begin work when scheduled.

E. Tardiness

Occasional tardiness may be unavoidable, but repeated tardiness is inexcusable and

unacceptable. Whenever employees are late, they must report to an immediate supervisor and arrange to make up the time by staying late that same day. If an employee will be 15 minutes or more late, a phone call must be made to notify the immediate supervisor. Time lost may only be made up with permission of the branch manager. Excessive tardiness may result in disciplinary action or a reduction in pay.

F. Rest Period

Employees may take a rest period of 15 minutes when working four or more consecutive hours, and a second 15-minute break when working seven or more hours in the same day. Rest periods are work time and are considered a privilege to be enjoyed.

G. Lunch Period

Lunch periods are normally one-half hour. The library's needs always come first in setting the length and time of lunch periods. A supervisor may change the time, but not the length, of a lunch period when required by the workload. The lunch period begins as soon as work is discontinued and ends when work is resumed.

H. Meal Period

The normal workday is eight hours, with one-half hour unpaid lunch period. Bookmobile employees receive 30 minutes unpaid lunch period.

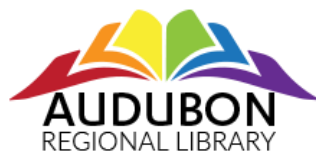

I. Excessive Absences

A doctor's note is required for absences exceeding three days or at any other time when absences for illness are deemed excessive.

DRESS CODE

Employees are expected at all times to present a professional, business-like image to patrons, vendors, and the public. Management reserves the right to make the final determination of what constitutes professional appearance; however, the personal appearance of all library employees is governed by the following standards:

- Employees are expected to dress in a manner that is normally acceptable in similar business establishments. Jeans are permitted but must be in good condition without frays or tears. The wearing of suggestive attire, athletic clothing, shorts, T-shirts, tank tops, baseball hats and similar items of casual attire are not permitted.
- Employees are allowed to wear summer reading or library themed T-shirts or hats during special events and as allowed by the Director.
- Hair should be clean, combed and neatly trimmed or arranged. Shaggy, unkempt hair is not permissible regardless of length. Facial hair shall be neatly trimmed.
- Jewelry, cosmetics and perfume shall be suitable for the business environment. Employees engaged in positions which require lifting or other physical exertion shall dress in order to assure personal comfort and safety but must dress as neatly and business-like as working conditions permit.
- The excessive use of cologne or perfume is not allowed, as are odors that are disruptive or offensive to others, or may cause allergies.

- Closed toe shoes are recommended for job safety.
- No political buttons, advertisements, or other such messages/insignias, other than a label or designer logo, are to be worn by library employees while on duty at the library.

WORKDAY

All staff members are expected to be on the job at the scheduled time and to leave at the scheduled time, providing that the building and workspace are made ready for closing.

Patrons should be alerted fifteen minutes prior to closing. It shall be the responsibility of all staff members to assist in keeping all library work areas neat and clean.

CARE OF LIBRARY FUNDS

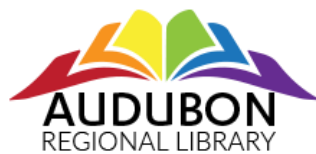

Procedures for handling money recommended by the accountant and approved by the Library Board (July 12, 2006) are the following:

- (*ad valorem*, state aid, grants) will be deposited within 24 hours of receipt, if possible.
- Each branch will keep petty cash on hand to issue change when patrons pay for fines, printing costs All money collected by the library at the circulation desks in cash or check for fines, lost books, donations, copies, faxes, etc. will be recorded in receipt books available for audit.
- No personal checks will be cashed out of the cash drawer or any library petty cash account.
- The Director will determine the amount of cash on hand. Overage will be deposited into the general fund at least once a week. The libraries will not keep large amounts of cash on hand.
- All large checks and/or overdue fees. All withdrawals from this fund will be receipted and notated on a daily log. It will also be entered into the library automation system for statistical purposes.
- Money must never be taken from petty cash for personal reasons. Any employees caught taking money from petty cash can be subject to immediate dismissal.
- Each branch will make a weekly deposit of any monies collected over \$20. This deposit will be picked up and/or sent to the main office each week.
- Bills submitted for payment to the library will be date stamped upon receipt and approved for payment by the Library Director or Business Manager.
- As library checks are signed, the signatories review the invoices and sign the summary indicating that they have approved the bills.

HARASSMENT

Audubon Regional Library will not allow any form of harassment, sexual or otherwise, or any such conduct that has the purpose or effect of interfering with an individual's work performance or creating an intimidating, hostile, or offensive work environment. This includes harassment because of personal dislike or hidden agendas, or harassment by patrons.

Such conduct, when experienced or observed, should be reported to the Director. The Director will investigate and will be required to report the findings to the Library Board. The privacy of the employees

shall be respected at all times. All employees are entitled to report harassment directly to the Library Board. The report should be in writing and will be given complete confidentiality.

Any intentional sexual harassment is considered to be a major violation of library policy and will be dealt with accordingly by corrective counseling and/or suspension or termination depending upon the severity of the violation. At the conclusion of the Board action, the event should be documented for the personnel file.

It is the intent of Audubon Regional Library to provide a work environment free from verbal, physical and visual (signs, posters, or documents) forms of sexual harassment. All employees are expected to be sensitive to the individual rights of their co-workers.

CONFLICT OF INTEREST

No employee of the library shall maintain an outside business or financial interest, or engage in any outside business or financial activity, which interferes with his or her ability to fully perform job responsibilities. For example, and not by limitation, if an employee's job responsibilities include purchasing, and the employee is in a position to influence such purchases, the employee should have no proprietary or financial interest in any business that furnishes products, materials, or services to the library or in any related transaction.

Nor may any employee benefit directly or indirectly from a third party who furnishes products, materials, or services to the library. Violation of this policy will result in immediate dismissal.

Employees who have employment outside regular library hours must let the Board know what their hours of extra employment are and must not allow outside employment to interfere with their duties at the library.

EMERGENCY CLOSINGS

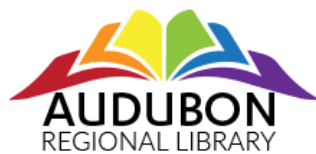

The Director makes decisions concerning keeping the library open during times of bad weather. Factors used in making such a decision include the safety of the public and staff. The Director or branch manager usually depends on the safety officials for guidance in making the decision to close. The Director will notify each branch head when the libraries are to be closed. Only very severe problems justify a library closure. If the Director must close the library, the Board President should be notified immediately by a telephone call.

An employee may choose to stay home and use a leave day or leave without pay if concerned about driving safety during times of bad weather. An employee may appeal the Manager's decision to the Library Board at the next regular meeting. The employee, to place an appeal on the agenda, must notify both the Director and the Library Board President one week before the meeting.

When libraries are closed, employees will be paid for regularly scheduled hours that are missed due to the closing.

TELEPHONE USE

A large percentage of the library's business is transacted by telephone. The telephone equipment of the

library provides service to patrons; therefore, it is necessary to limit personal calls to an absolute minimum number. Personal calls should only be made in case of absolute necessity or emergency. Non-emergency personal calls must be made at break or lunch period. No long distance personal calls may be made on library phones.

Personal cell phones should be placed on vibrate or turned off.

Employees are not permitted to use library phones for personal business during work hours. library-provided cell phones (bookmobile) are for library use, but they may be used for personal business in cases of dire emergencies.

POLITICAL ACTIVITIES

In recognition of its responsibilities as a business citizen Audubon Regional Library encourages its employees to accept the personal responsibility of good citizenship, including participation in civic and political activities in accordance with their interests and abilities.

Audubon Regional Library accepts without reservation the basic democratic principle that all employees are free to make their own individual decisions in civic and political matters. Therefore, no employee's status with the library will be affected, in any way, whatsoever, because of participation or non-participation in lawful civic and political activities.

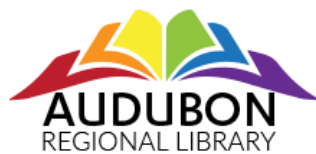

Participation in civic and political activities is considered to be a personal matter and, as such, is to be carried on outside of normal working hours. No political activities or solicitations will be carried on within library premises. Publicly speaking for or against a candidate for office or wearing political paraphernalia is prohibited at the library. An employee has the right privately to express his/her opinion.

Political activities are defined for purposes of this policy as activities in support of any partisan political issue or activities in support of, or in concert with, any individual candidate for political office, or a political part, which seek to influence the election of candidates to federal, state, or local offices. The definition includes employees who are or may be candidates for political office.

The library reserves the right to deny time off for political activities where the activities, in the opinion of the library, would unduly interfere with the employee's fulfillment of any obligations to the library.

RESPONSE TO POLICE INQUIRY

- Staff members who are approached by a law enforcement officer(s) (including an FBI agent) will immediately ask for identification and then contact the Director to alert him/her of the officer's presence. Staff members will then refer the officer to the Director. Staff members will treat the officer with courtesy and respect.
- The Director will immediately contact the library's legal counsel and request that counsel be present to assist during any search. The Director will contact the Board if appropriate.
- The Director will meet with the officers and library counsel or another colleague in attendance.
- If the officer presents a court order compelling the production of records or equipment, the Library's Director will ask the legal counsel to review the legality of the document. The counsel will inform the officer of this procedure.

- If the officer does not have a court order compelling the production of records or equipment, the Director and/or legal counsel will explain the library's confidentiality law (La.R.S.44:13). The Director will inform the agent or officer that users' records are not available except when a proper court order in good form has been presented to the library. Note: Without a court order, neither the FBI nor local law enforcement has authority to compel cooperation with an investigation or require answers to questions, other than the name and address of the person speaking to the agent or officer.
- Should the press inquire about the officer's visit, the response will be "No comment."
- No mention may be made about the FBI inquiries, warrants and subjects in question. Federal Prison or suit filed for invasion of privacy by subject in question may result from divulging this information.

SAFETY

- Safety is the responsibility of both the Director and individual employees. It is their responsibility to make certain that all safety procedures and practices are observed. Appropriate disciplinary action shall be taken, at the discretion of the Director, when an employee is found negligent in equipment operation resulting in either damage to the equipment or to patrons or employees.
- The safe performance of all work assignments without injury is the Library Board's primary safety concern. Only through the determined elimination of the causes of accidents can the frequency of accidents be reduced.
- Any accident occurring during normal working hours shall be reported at once to the Director, who will complete a record.
- Upon notification of an accident involving employees, the Director shall complete an Employer Report of Injury/Illness form, which must be forwarded to the Workers Compensation Coverage Agency no later than forty-eight (48) hours after the accident in order that an employee may be covered under Workers Compensation Insurance.

SMOKING POLICY

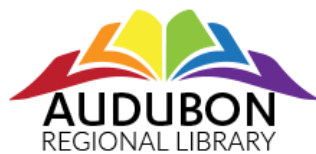

Staff members will be allowed to smoke during their morning or afternoon breaks but must go outside the building to do so. The Director will set aside a place outside each building for this purpose.

STAFF TELECOMMUNICATIONS POLICY

The telecommunications policy which applies to patrons also applies to employees. In addition to those guidelines, employees should abide by rules specific to employees.

Personal use of e-mail by employees should not interfere with or conflict with library use. Employees should exercise good judgment regarding the reasonableness of personal use. Employees are responsible to maintain the security of their account and their password.

Efficient use of the e-mail system suggests that messages should be concise and directed to individuals with an interest or need to know. General notice bulletins may be sent to public groups, local news groups, or specific work groups.

Misuse of e-mail can result in disciplinary action up to and including termination. Examples of misuse include the following:

- Transmitting obscene, profane or offensive material over any library communication system. This includes, for example, accessing erotic materials via news groups. Also, messages, jokes, or forms that violate the harassment policy or create an intimidating or hostile work environment are prohibited.
- Using library communications systems to set up personal businesses or sending chain letters.
- Forwarding confidential messages meant only for personnel to locations outside the library.
- Accessing copyrighted information in a way that violates the copyright
- Breaking into the system or using without authorization a password/mailbox
- Broadcasting unsolicited personal views on social, political, religious, or other non- business related matters.
- Soliciting to buy or sell goods or services
- Using the internet for personal reasons on library time

WORK PRODUCTS

The products of an employee's work become the property of the library and shall remain with the library.

SUBSTANCE ABUSE

Audubon Regional Library recognizes that substances such as alcohol and drugs are used by individuals, sometimes to an extent that their abilities and senses are impaired. The Board's position regarding substance abuse is the same whether alcohol, marijuana, illegal drugs, prescription drugs, or controlled substances are involved.

The policy is implemented because Audubon Regional Library Board believes that the impairment of any library employee due to the use of substances is likely to result in the risk of injury to other employees, the impaired employee, or to third parties, such as patrons or business guests.

Impairment or being impaired means that an employee's normal physical or mental abilities, or faculties, while at work have been detrimentally affected by the use of substances.

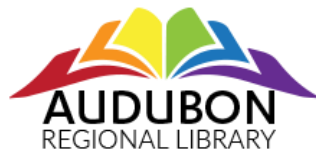

The employee who begins work while impaired or who becomes impaired while at work is guilty of a major violation of library rules and is subject to severe disciplinary action.

Severe disciplinary action can include suspension, dismissal, or any other penalty appropriate under the circumstances. Likewise, the use, possession, transfer, or sale of any substance on library premises or in any Audubon Regional Library parking lot, storage area, or job site is prohibited; and violations are subject to severe disciplinary action.

Employees who are taking prescription drugs are under a duty to report this to the Librarian. This is for the protection of the employee and for safety purposes in case of an adverse reaction to the drug while at work, or so the employee is not falsely accused of taking an illegal substance.

When an employee is involved in the use, possession, transfer, or sale of a substance in violation of this policy, Audubon Regional Library may notify appropriate authorities. Such notice will be given only after such an incident has been investigated and reviewed by the Director and the Library Board.

Audubon Regional Library is aware that substance abuse is a complex health problem that has both physical impact and an emotional impact on the employee, his or her family, and social relationships. A substance abuser is a person who uses substances, as defined above, for non-medical reasons, and

this use detrimentally affects job performance or interferes with normal social adjustments at work. Substance abuse is both a management and a medical problem.

A branch manager who suspects a substance abuse case should discuss the situation immediately with the Director. Because each case is usually different, the handling and referral of the case must be coordinated with the Director and the Library Board.

Audubon Regional Library has resources available to assist an employee who requests help with substance abuse. The employee must ask for help. The library will not require it. Should disciplinary action be pending against an employee who asks for help, Audubon Regional Library will assist to the extent of its resources assuming that the employee remains employed. Nonetheless, regular disciplinary action will proceed. If the employee is terminated, Audubon Regional Library will be unable to continue any program. Voluntary, successful participation in a recovery or rehabilitation program by an employee may be a mitigating factor in any disciplinary action depending on the facts and circumstances of each individual case. In some cases, disciplinary action may be suspended, or the employee placed on probation pending a successful completion of a recovery program.

Employees who are placed on a rehabilitation program because of performance or behavior problems due to substance abuse are subject to dismissal for failure to successfully complete the program or to change their performance or behavior.

Applicants who have a past history of substance abuse and who have demonstrated an ability to abstain from the substance, or who can provide medical assurance of acceptable control, may be considered for employment with Audubon Regional Library as long as they are otherwise qualified for the position for which they are applying.

Management has chosen to adopt an alcoholic beverage policy in keeping with the concern for and the risks associated with alcohol use. Alcoholic beverages shall not be served or used on Audubon Regional Library premises at any time. Alcoholic beverages have no part in and shall not be used in conjunction with any Audubon Regional Library business meeting. No alcoholic beverages should be served at any Audubon Regional Library event.

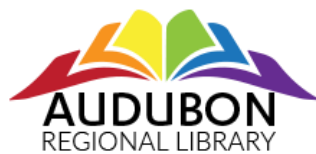

Audubon Regional Library is concerned with its employees' privacy, especially where matters regarding medical and personal information are involved. As long as the information is not needed for police or security purposes, Audubon Regional Library shall maintain employee medical and personal information in confidence and release this information to authorized library personnel on a "need to know" basis. An exception to this policy is where the employee signs a release for the transfer of such information to designated persons or agencies.

TRAVEL REIMBURSEMENT

A. Mileage Reimbursement

Employees of Audubon Regional Library who use their personal vehicle for library purposes will be reimbursed at state rate for mileage. The reimbursement rate is intended to compensate the employee for all costs related to the operation of his/ her personal vehicle on library business. The employee assumes liability for his/her personal vehicle in work related travel.

Travel expenses between home and work location are not reimbursable. Most library related travel will originate from the library location. But in those cases where it is advantageous (time

and distance considered) to leave directly for one's place of residence, the request for reimbursement should be based upon total miles traveled for the library less normal daily mileage to and/or from the work location.

If travel extends after employee's regularly scheduled working hours, employees shall be granted compensation time.

Employees who must purchase supplies are asked to plan in an effective manner and thereby shop only on a weekly basis.

Requests for reimbursement of business-related travel should be submitted to the Director for approval.

Reimbursement requests will include the following:

- Date of travel
- Travel destination
- Number of miles traveled on library business
- The reason for library travel

The expense report must be signed and dated by the employee and initialed by the Director.

B. Meals Reimbursement

Meals will be reimbursed at the current state rate. Receipts will be required for reimbursement. Payment will be made for the following meals:

- Breakfast will be paid when travel begins by 6:00 a.m. on the first day of travel or extends beyond 9:00 a.m. on the last day of travel and for any intervening days.
- Lunch will be paid when travel begins by 10:00 a.m. on the first day of travel or extends beyond 2:00 p.m. on the last day of travel, and for any intervening days.
- Supper will be paid when travel begins by 4:00 p.m. on the first day of travel, or extends beyond 8:00 p.m. on the last day of travel and for any intervening days.

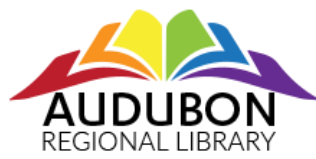

C. Lodging Reimbursement

The cost of a room will be reimbursed at state rate.

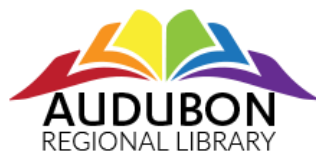

TRAVEL MONEY REQUESTED FOR TRAVEL APPROVED BY LIBRARY BOARD

In the event that the Library Board approves participation at a state or national conference for the Library Director or other staff members a *Request for Expenses Form* may be filed in advance for money to support such endeavors. Upon completion of the form by employee and approval by the Library Board President, money will be provided for expenses prior to the conference. A complete expense report must be filed within one week upon return from the Conference at which time further money will be reimbursed if necessary or the employee will relinquish extra money not necessary to support attendance at said conference.

See Appendix III for Travel Expense Account Form.

The Policies and Procedures Manual was adopted by the Library Board on July 10, 2008, and may be changed by the Library Board at any time.
